## Retractable Gear Attachment Systems

First engineered for SCUBA diving, the Gear Keeper is a rugged, retractable gear attachment system, designed to utilize and protect gear in **severe environments with maximum break strength and durability.**

The Gear Keeper is at the core of an extensive product line that boasts an impressive array of benefits and features. A **patented flushing system** that clears sand and debris from the unit, and is **salt-water proof.** A **patented Q/C Connector System** that provides quick and easy connection/disconnection of gear.

The RT2 Series features **60# (27 Kg) break strength**, stainless steel nylon-coated cable. The RT3 series features **80# (36 Kg) break-strength** and uses Nylon/Kevlar line. Both series feature high-impact housing, multiple spring forces and multiple mounting options.

**Speciality product packages** combine the proper retraction force, attachment accessories and mounting options for specific applications (ie; Cell Pphones, Handheld Marine Radios, & VHF Radios). Or you can choose whatever force, mounting option, and end type to create your own combination (Refer to RT2/RT3 Product Pages).

**Grab your gear, use it, let it go — it retracts back every time!**

Gear Keeper makes whatever you're doing easier while preventing loss or damage to your valuable gear.

■ Heavy Duty Snap Clip

Also available in:

Threaded Stud Mount  
Velcro Strap  
Rotating Belt Clip

■ High-Impact Case

■ Multi-Force Options

3 oz (85 gr)  
6 oz (170 gr)  
9 oz (255 gr)

## ▶ Cell Phone / PDA Tether

**Ratcheting Gear Lock™ allows cell phone to be used with no tension**

▶ **Standard Model RT2-5450** (€ 21,99)  
*This low force tether allows easy phone use and prevents loss or damage. Ideal for the user who makes frequent, shorter calls i.e. Contractors; those working at heights or around water*  
 3 oz. (85 gr) Retraction • 28" (71 cm) Extension

▶ **Ratcheting Gear Lock Model RT4-5450** (€ 21,99)  
*Ratcheting Gear Lock allows phone or PDA to be extended during use with no tension. A simple pull allows Gear Keeper line to retract. Ideal for longer calls and for PDA use*  
 6 oz. (170 gr) Retraction • 28" (71 cm) Extension

*The retractor securely mounts next to the phone on your belt, pants or purse. Tether retracts neatly out of the way when not in use. (Not intended to retract phone)*

## ▶ Marine Radio Tethers

▶ **RT3-4653 Snap Clip Mount** (€ 21,99)

**Built for Large Hand-Held Radios**  
**Locks in any extended position**  
 Force: 36 oz. (1 Kg) • Extension: 18" (45 cm)

**Works for most GPSs, Range Finders, FRS Radios**  
 Force: 9 oz. (255 gr)  
 Extension: 24" (61 cm)

▶ **RT2-5312-A / RT2-5352-A**  
**360° Rotating Belt Clip** (€ 21,99)  
*This low force tether allows easy instrument use and prevents loss or damage. Ideal for marine use.*

## ▶ Marine Mic Keeper

**Locks in any extended position**

▶ **Heavy Duty Locking RT3-4212** (€ 33,90)

*High retraction force; long extension and higher spring cycle life make this unit ideal for the heavy duty users, heavy mics, and marine use.*

12 oz. (340 gr) Retraction  
 42" (106 cm) Extension
